Because both semesters have 3 studios, a lighter credit load is desirable. **Sculpture 1 is required.** **Photo 1 and Photo 2 are highly desirable courses to help prepare for teaching digital media in grades 6-12.** Work with your advisor to schedule the best balance of 2-d, 3-d and color knowledge.

- The **open elective space** is not a required credit slot. The courses students take in that semester are time intensive. Taking fewer credits during the senior year will help to guarantee that students can do their best work in both studio and art ed before heading into student teaching.
- It's preferable that students take SED 225 in the semester they are not enrolled in art ed coursework,** so they can continue to work with school age children in the lengthy gap between lab teaching and student teaching.

Fifth Year FALL		Cr	*Art History choices are explained in the catalog; ART 344 History of Art Since 1945 is the recommended 300-level choice for art ed majors. Sometimes special options are available. NOTE: Students can add a fifth Art History and gain a Minor In Art History. ** Follow required sequence of advanced level work for Studio BFA, per studio area. Split studio concentration is an option. Permission needed.
